Why leading retail brands choose Pomeroy

REACH

Experience and reach: 50+ years of experience designing, deploying & managing retail solutions. **100% coverage** in North America

INNOVATION

Innovative self service: Self Checkout, Kiosks, Convertible Lanes, Mobile Shopping & Curbside Pickup—to enable customer convenience and engagement

SUPPORT

Wall to wall support: Comprehensive **24x7x365 store support** to help clients focus more on retailing and less on IT. Today we support over **75,000 locations** across the globe. **2M devices supported**

DEPLOYMENTS

Fully managed retail technology and application deployments; design, development, integration & testing to minimize in-store disruptions; we deploy more than **25,000 projects** a year

TECHNOLOGY

Store technologies: From procurement to refresh and asset disposition, comprehensive modern lifecycle management all store technologies; **600K retail devices shipped** annually

CONNECTIVITY

Store connectivity: Secure edge networking based upon SASE and wireless to digitally enable customers and store associates

SECURITY

Security & surveillance: Deploy and manage PCI DSS compliant fixed, wireless, and mobile payment devices, AI video surveillance to reduce shrinkage

STAFFING

Retail IT staffing: Identify and deploy key personnel to support IT and digital transformation projects that are constrained by time and resources

APP SUPPORT

Application support: POS and mobile software development, integration, testing, deployment, distribution and **24x7x365 L1 - L4 support**
